指揮中心快訊

觀光景點、夜市及寺廟等場所 4/10起人流管制

中央流行疫情指揮中心說明如下：
清明連假期間，許多旅遊景點人潮爆滿，連假結束後，疑似個案通報採檢數量增加。為防止潛在傳染鏈威脅國內防疫安全，指揮中心宣布，自即日起著名觀光景點、國家公園、遊樂區及夜市、寺廟等人潮密集公共場域，實施人流管制措施，請業者、商店、管理單位及民眾配合，為防疫盡份心力。

Crowd control imposed at tourist hotspots, night markets and temples starting April 10

Due to a spike in the number of suspected cases of coronavirus disease 2019 (COVID-19) reported after the four-day Tomb Sweeping Day, the CECC announced today that crowd control measures have been imposed at public places where large crowds can gather, including renowned tourist attractions, national parks, recreational areas, night markets and temples to prevent potential chain of infection from undermining epidemic prevention and control efforts. The CECC urges proprietors of these venues, relevant management units and members of the public to cooperate with and follow related measures.

Inbound travelers from Europe and Americas to notify health officials before returning to Taiwan and stay at quarantine hotels if they live with patients with chronic disease, the elderly and children

On April 14, the Central Epidemic Command Center (CECC) announced that beginning 00:00 Taipei Standard Time on April 18, inbound travelers who have visited Europe and the Americas in the last 14 days (starting 00:00 Taipei Standard Time on April 4) should voluntarily present documents for home quarantine requirements before boarding. Such inbound travelers should stay at the hotels which provide rooms for individuals subject to home quarantine/isolation after entry if they live with people who are over 65 years old (inclusive), children under 6 years old (inclusive), patients with chronic disease (such as cardiovascular diseases, diabetes or lung disease), or persons who don't have a separate room (including a separate bathroom). Furthermore, those who make a false health declaration will be fined up to NT\$150,000.
