How to purchase face masks

2020-06-01

Considering the low risk of community transmission in Taiwan, we are gradually loosening certain restrictions as below:
Adjustment to mask distribution policy: Starting from June 1, masks not requisitioned by the government will be open for domestic purchase or export. The current quota (9 masks per 14 days for adults and 10 masks per 14 days for children) under the name-based rationing system will remain in place to ensure universal access to masks for every citizen and to stabilize the price of masks.

每人每2個月寄送30片口罩予海外二親等親屬之限制，亦同步解除。自6月1日起民眾寄送口罩到海外全面開放，無需向國際貿易局申請輸出許可證，出口不限數量、不限次數，不限收件人、寄件人親等與國籍，可以直接到郵局或快遞公司交寄口罩。
