Official Statements

**People in home quarantine or isolation should take taxi and ambulance to seek medical care if they develop symptoms to ensure public health and safety**

The Central Epidemic Command Center (CECC) reiterates that those under home quarantine and home isolation should contact the local health authority, which would arrange for a designated taxi or an ambulance to pick them up, or call the toll-free Communicable Disease Reporting and Consultation Hotline, 1922, if they need to seek medical attention. The CECC reminds those in home quarantine and isolation that they must not go to and from hospitals and clinics by themselves without the local health authority's instructions when seeking medical attention.

Central Epidemic Command Center (CECC) Press Release

## 居家檢疫/隔離者有症狀就醫時 以防疫計程車及救護車接送

中央流行疫情指揮中心今(26)日重申，居家檢疫/隔離者於檢疫/隔離期間，如有就醫需求，應確實依規定主動與當地衛生局聯繫，或撥打1922防疫專線，佩戴醫用口罩依指示儘速就醫，且禁止搭乘大眾運輸工具就醫。

現階段各縣市防疫計程車量能已提升，對於有相關症狀之居家檢疫及居家隔離者有相關症狀就醫時，請地方政府關懷服務中心落實就醫交通安排，以防疫計程車或救護車接送，勿以自行前往方式安排就醫，以提升整體防疫安全。

詳情請參考疾管署8/26新聞稿

Official Statements

**People must wear masks in eight public venues; local governments and competent authority may announce and impose penalties for violators if necessary**

The Central Epidemic Command Center (CECC) urges the public to wear masks when going to places where social distancing is not possible or visiting crowded or confined venues where many people gather in close proximity. The CECC reminds the public that mask-wearing is mandatory in eight venues which include healthcare facilities, public transportation, markets, learning spaces, sports and exhibition venues, religious places, entertainment venues, large-scale events. If necessary, the local governments and the competent authority of relevant enterprises may formulate and impose related penalties on individuals who violate the measure according to the Communicable Disease Control Act.

Central Epidemic Command Center (CECC) Press Release

**出入八大類場所務必佩戴口罩**

**必要時將由地方政府及主管機關依法公告罰則**

中央流行疫情指揮中心提醒，在出入無法保持社交距離、或會密切接觸不特定對象之人潮擁擠或密閉場所時，務必佩戴口罩，如醫療照護機構、大眾運輸、賣場市集、教育學習場所、展演競賽場所、宗教場所、娛樂場所及大型活動等。地方主管機關如已依據傳染病防治法第37條第1項第6款之規定，規劃或已公告八大類場所「強制戴口罩及訂有相關罰則」，指揮中心原則予以尊重，該等縣市則應依傳染病防治法第37條第3項將公告內容函送指揮中心。

Official Statements

**To strengthen community-based surveillance, groups with foreign travel or contact history or other groups of potential risks included in COVID-19 testing procedure**

On February 16, 2020, the Central Epidemic Command Center (CECC) indicated that in response to the expanding global outbreak of coronavirus disease 2019 (COVID-19), in order to early detect suspected cases and prevent community-based and nosocomial spread, the community-based surveillance measure has been expanded to include the following individuals since February 16:

1. Any individuals with foreign travel history (including Singapore, Thailand, Japan and other countries) in the past 14 days or any individuals who have had contact with foreign travelers with a fever or respiratory symptoms and highly suspected of having the said symptoms caused by COVID-19 by the physician in the past 14 days
2. Clusters of cases of fever/respiratory symptoms
3. Pneumonia cases whose symptoms haven't improved after three days of antibiotic therapy for unknown cause or clusters of pneumonia cases or healthcare workers having pneumonia

Central Epidemic Command Center (CECC) Press Release

**入境落實14天居家檢疫及7天自主健康管理  
才能有效防範社區傳播**

有關8/17公布國內第485例COVID-19(武漢肺炎)確診個案(美國返台探親10多歲少年)，疾病管制署實驗室經進一步針對個案8/15、8/16所採之檢體進行病毒培養，結果均為陰性，顯示該個案只要完成14天居家檢疫，其病毒已不具傳染力，對國內社區安全威脅低。

案485於8/5自美國返台探親，入境後無疑似症狀，8/15接受地方衛生單位採檢後確診，個案分別於8/15-8/18，及8/20、8/22接受採檢，除了8/18之檢體結果為陰性外，其餘檢體結果均呈陽性，另8/23-8/25採檢之結果均為陰性；個案已於8/27出院。其中疾管署針對個案8/15、8/16所採檢體進行兩輪的病毒培養，結果均無法培養出病毒，顯示存在個案體中之病毒已不具傳染力。

藉此案例可再次驗證，我國現行對於入境者全面居家檢疫之做法，即使有極少數無症狀者個案未於入境時被攔檢，經過14天居家檢疫，其傳染力已大幅降低或幾乎已無傳染力，於檢疫期滿後再自主健康管理7天，持續密切追蹤健康狀況，已可有效防堵社區傳播風險。

Information for international students

2020-08-12(for more details please check the PPT below)

1-University sends a new student list to MOE, then MOE transfer the documents to the Economic and Cultural Office abroad. After the Economic and Cultural Office receives the list, foreign students can apply for Resident VISA.

2-After applying for VISA you can book the flight and inform OGA, KMU. University will pass the flight information to MOE which is filled by students, and the date of flight has to be 10 working days after you inform OGA.

3-Students should inform OGA your flight, date, flight number , soft copy of VISA/passport/flight ticket and KMU will arrange the quarantine hotel.

4-Once the quarantine hotel is arranged, KMU will report to MOE, and provide the quarantine hotel information to students.

5-After MOE approval of entry permit, OGA will email it to students and invite students to join the Line group and keep in touch with the students.

6-After receiving the entry permit, you have to fill in the quarantine system for entry report.

7-Before boarding, the local airline company will check the official inform document sent by school and entry permit.

8-After arrival, your luggage will be examined and you have to apply for a prepaid card after arrival and the expiration date must be longer than 15 days. Then put the phone number on the quarantine system for entry so the confirmation text will be sent to your phone.

9-Students will have body temperature checked and show your confirmation text on your phone at immigration agency counter and MOE will check students' information again before students can enter Taiwan.

10-After arrival, you have to check-in at overseas students' reception counter and staff will check students' identity again and hand out quarantine cards for students.
